

## Gender Pay Gap 2021

### Introduction

City Lit is building a culture which lives and breathes our Values of: Ambitious, Open-Hearted and Imaginative. We believe in an inclusive and transparent approach.

We feel that Gender Pay Gap reporting is important because when employers are transparent about pay and identify the root causes of any pay gap, they can find the solutions they need to build workplaces that reflect society.

We want to attract and retain the best people and we're fully committed to an inclusive approach that is truly representative of the community which we serve.

### The City Lit Gender Pay Gap

<b>Mean Difference</b> 1.35	<b>Median Difference</b> 0.00
--------------------------------	----------------------------------

This report illustrates the gender distribution of staff in each of the four quartiles; Quartile 1 representing the highest salaries through to Quartile 4 representing the lowest salaries.

We are confident that the gender pay gap (only 1.35%) at City Lit is not a pay issue. We know that because our approach to pay is gender-neutral by design. Staff are paid equally for doing roles that are equivalent across the College.

We are clear that we will continue to work to progress towards a 0% pay gap and are pleased with the results of this year's Gender Pay Gap Report and we are delighted to see the progress year on year since the report's launch in 2019.

We continue to look to bring our Values to life and ensure that we continue this trend of reducing the gender pay gap

A handwritten signature in black ink that reads "Mark Malcomson". The signature is written in a cursive style and is underlined with a single horizontal line.

Mark Malcomson CBE, Principal and Chief Executive
